

**REMARKS**

Claims 1-3, 6-11, 14, 15, and 17 are pending in the present application. Claims 12, 13 and 16 are herein canceled. Claims 1, 2, 6, 8, 9, 14, 15 and 17 are herein amended. No new matter has been added. In light of the forgoing amendments, and the following remarks, Applicants earnestly solicit favorable reconsideration.

**On the Merits**

**Rejections Under 35 U.S.C. § 101:**

Claims 1-3, 6, 7, 12, 13, 14, 16 and 17 stand rejected under 35 U.S.C. § 101 because they are allegedly directed toward non-statutory subject matter. Claims 1, 2, 6, 14 and 17 have been amended to include a “processing device” and/or a “storage unit.” Claims 12, 13 and 16 are canceled. As such, Applicants respectfully submit the rejection under 35 U.S.C. § 101 is moot.

Applicants ask that the rejection be withdrawn.

**Rejections Under 35 U.S.C. § 112 first paragraph:**

Claims 6, 12, 13 and 16 stand rejected under 35 U.S.C. § 112 first paragraph for allegedly failing to comply with the written description requirement. Claims 12, 13 and 16 are canceled. Claim 6 has been amended to recite “receiving identification information.” As such, Applicants respectfully submit the rejection under 35 U.S.C. § 112 first paragraph is moot.

Applicants ask that the rejection be withdrawn.

Claims 1-3 and 6-17 stand rejected under 35 U.S.C. § 112 second paragraph as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicants have amended and canceled the rejected claims in order to clarify the claimed invention.

Further, Applicants respectfully submit that claim 6 is fully supported by the specification. Specifically, in the specification, a parking meter as an example of a system of billing (page 6, lines 22-24) and that a mobile phone transmits a command including the identification number of the parking meter to a center device (page 12, lines 7 - page 13, line 5) is disclosed. Therefore, the feature of transmitting the identification information of a system of billing is disclosed in the specification.

As such, Applicants respectfully submit that the claims are proper under 35 U.S.C. § 112 second paragraph. Applicants ask that the rejection be withdrawn.

As such, Applicants respectfully submit that the present application is in condition for allowance.
